

What are the measures of the Anthropocene ?

Social Anthropocene =>

- Can identify, problematize and popularize the economic, political and ideological barriers that stand in front of sustainable pathways.
- Can contribute to innovate, establish and rearrange the institutional arrangements that structure the economy, social life and environmental relations.

Social Anthropocene et cultural Anthropocene =>

- Create more discerning models for understanding human involvement in the Earth's processes (and the Earth's involvement in human processes);
- Point to the diverse social and cultural phenomena resistant to modelling and develop alternative methods to research such phenomena. (repressed or denied beliefs and ideological commitments, narratives of individual or collective identity or destiny, ideas about rights and responsibilities, and other forms of individual and collective thought that underlie human action)
