

**JCM
2026**

JUNE 17-19, 2026
AIX-LES-BAINS
FRANCE

**INDUSTRIAL
SOLUTIONS
DAY** Thursday, June 18th

A Special Day Designed for You!

Attend JCM 2026 to connect and collaborate with leading researchers from France, Italy and Spain.

Over 100 researchers present or exchange ideas on the state of the art and their research areas.

Together, let's drive innovation, foster dialogue, and leverage shared expertise to shape the future of Mechanics, Design Engineering and Advanced Manufacturing.

Understanding your industrial needs is essential to help guide research towards well-defined applications.

Join us!

To be prepared consult the program and select the researchers or laboratories you'd like to connect with by filling out the dedicated form.

Your registration for JCM 2026 Industrial Solutions Day grants you full access to the entire conference, from Wednesday, June 17th, to Friday, June 19th, 2026

Your Thursday, June 18th at a glance

- 08:00 Welcome Coffee
- 08:30 Keynote Session
- 09:00 Parallel Sessions
- 12:00 Lunch Break
- 13:00 Industrial Challenges for the Future
- 15:30 Networking Session
- 19:00 Gala Dinner

Curated presentations selected by our committee for their short- and medium-term applicability (TRL >6 or inspiring new ideas), ensuring practical insights you can implement.

A special session where you can highlight the challenges you face—challenges for which no state-of-the-art solutions currently exist. Researchers may offer fresh perspectives, sparking new ideas and potential collaborations.

Interactive discussions following the session, providing a platform to build partnerships and co-create solutions with the research community.
